

YOUTH PROTECTION TRAINING

Youth Protection Training is highly recommended for all adults involved with the Boy Scouts in this troop and is a requirement for all registered adults in the troop. This training is available on-line for your convenience. Renewal of this training is required every two years.

Here is how to complete your training:

Be advised that this online course requires a high-bandwidth connection!

Our Cascade Pacific Council web site, www.cpcbsa.org, will still start you on the path to training: select “For Leaders” from the menu bar at the top of the page, then go to Training --> Adult Leader Training --> Online Learning Center where you will be told to go to www.myscouting.org to find Youth Protection Training, among many other online courses. However, a more direct route is to:

1. Go to www.myscouting.org
2. Either login using your current **login name** and **password**, or follow the instructions to create them if this is your first experience with this site. If you have used the previous online training for Youth Protection at www.cpcbsa.org, your **old login** will work, but you will be asked to change to a **new user name** from your **old email address user name**. This is a two step process where you Check **User Name Availability**, then **Change User Name** if that name is available. You will then need to login again with your new User Name and answer several questions.
3. From the menu on the left-hand side of the page, select “**E-Learning**” under Training. This will take you to the “**E-LEARNING COURSE MANAGEMENT SYSTEM**” page.
4. Under the “**Basic Training**” section, you will find “**Youth Protection Training**”. To the right on this line, select “**Take Course**” if you have not taken the course before. If you have, the three options of “**Retake Course**”, “**Review Course**” and “**View Certificate**” are presented. If you select “**Retake Course**”, you will have the questions presented to you without the benefit of the *instructional video* that precedes the test. If you select “**Review Course**”, you will be presented with the *instructional video* followed by the questions.
5. After you answer each question, you will be graded on the spot for that question. If you answer incorrectly, you will be given the correct answer. In either case, select “**NEXT**” to go to the next question.

6. After completing the course, print **two copies** of your **Youth Protection Training Certificate**. Give one copy of the certificate to **Kimra Hawk**.
